NEW MORGAN SCHOOL CLUB

William B. Gex Chosen President of New Organization Which Starts With 14 Members.

Assisted by the members of the Sunnybrook Farm club, an organization to be known as the Morgan School Farm club was started last night by fourteen farmers living in the vicinity of the Morgan school, eleven miles southwest of Maryville. The following officers were elected: President, William B. Gex; vice-president, O. K. Smith; and secretary-treasurer, John Neal.

The purpose of the organization, which will meet on the first and third Wednesdays of the month, is to discuss subjects relating to farm life and to form a clearing house for ideas that will result in the betterment of rural conditions.

J. P. McNeal, president of the Sunnybrook club, was chairman of the meeting and conducted the business session. He was introduced by O. K. Smith, who acted as temporary chairman.

E. C. Curfman, J. F. Hull, W. O. Garrett and E. M. Claypool were visitors from Maryville and gave short talks on various phases of club work. Mr. Curfman invited both clubs to send delegations to the Good Roads meeting at St. Joseph next Monday, and at his suggestion committees from both clubs were chosen to make the trip.

The Sunnybrook club was organized about three weeks ago and meets on the second and fourth Wednesdays of the month. T. P. McNeill is president of the club and Robert Medsker is secretary-treasurer. Its purpose is similar to that of the Morgan School club, and it has so far been successful in its movements, especially in carrying out the plan of co-operative buying.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Bargains for Friday and Saturday

WE advise you to buy all your needs now, since we have declared war everything will be higher. The government has already begun to make large contracts for all kinds of goods to equip a large army. This large army must come out of the producing centers. The Farms, Factories, Mills, etc. All of which will decrease the production and cause a great scarcity of merchandise.

For an example we predict Hogs will go to \$20.00 per hundred pounds before they will be any less.

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Maryville.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Maryville proof:

Mrs. B. M. Skinner, 1103 North Mulberry street, Maryville, says: "My back was so weak and lame that I could hardly work. My kidneys were very troublesome owing to their too frequent action and I had continual headaches and dizziness. Doan's Kidney Pills corrected the trouble and my health greatly improved."

BASEBALL SEASON OPENS

Normal Begins Schedule With Clash With Christian Brothers College Tomorrow Afternoon.

The Normal baseball team will open its schedule tomorrow afternoon when it meets the team from Christian Brothers' College of St. Joseph. The game will be staged on the Normal diamond, beginning at 2 o'clock.

The Normal team is in fairly good shape and it expects a victory though not over confident. Despite the loss of "Chido" Scott, who has left school the team has looked good in practice. Joe Ferguson has been moved from second to short, and Wagers has taken the place left vacant by Ferguson. "Josiah" Bird is taking care of the hot corner with all his old time pep and ginger, and "Dad" Scarlett will be put at the receiving station. Corum will fill the role of general utility man.

Todd, Garard, and Hise have the call for outfield positions, with Brown, Wilson, Staples and DeMoss in reserve. Clem Hahn who has been showing up in good form is ineligible at this time.

The battery trouble is still giving trouble to Coach Palfreyman. "Torchy" Sawyers will do most of the receiving, assisted by Paul Andrews. Neither Van Cleave nor Strader is in mid-season form but they are expected to give satisfactory service in the box.

The whole team has been showing up strong in batting practice, and the game may develop into a regular swat-fest. A large crowd is expected to attend the game, the first of the season.

To Attend Stults Funeral.

Mr. and Mrs. Claude Stults and Mrs. Elwood Barrett drove to Skidmore today to attend the funeral services of R. F. Stults.

SHE'S A LITTLE PATRIOT

Eva M. Powell, 11, of Ravenwood, Writes Letter and Poem Showing Devotion to Country.

Since the nation has been so near to hostilities with Germany the teachers throughout the county have not lost a moment in teaching the children patriotism, which has been one of the daily lessons in every school house. The following letter from Eva M. Powell, 11 years old, in the sixth grade at the Munkres school near Ravenwood shows that the lessons of the school room are bearing good fruit:

Ravenwood, Mo., April 10, 1917.
Dear Editor Democrat-Forum:—

I am a little girl, 11 years old. I am in the sixth grade at school. I like to go to school fine. Our teacher, Miss Myriel Gates, has taught us many beautiful patriotic songs. We all love to sing our nation's song, "The Star Spangled Banner." We have also learned to salute our flag, and we are all true little patriots.

Our teacher asked us to compose some patriotic verses for our language lesson, so I thought I would send you mine, as my teacher thought them quite good. If you think them good enough, I would like to see them in print. A true little patriot.
Eva M. Powell.
(Munkres School)

OUR FLAG.

While we proudly look at our beloved flag,

It brings back memories of long ago; When Washington and his patriot bold strove bravely to conquer their foe. They made a union of one heart and mind,

And a flag proudly floating for all mankind,

With no Kings on the throne as in other lands,

To rob people of their lives and lands.

But the union Washington started and Lincoln preserved.

Has now declared war to bother our nerves; For to sacrifice our brothers is a very great trial,

But we know they will win tho they go many miles.

Notice--

The annual meeting of the Farmers Mutual Fire and Lightning Insurance Co. of Nodaway County, Mo., will be held at the court house next Saturday, April 14, at 10 o'clock a. m., to vote on revision of by-laws and election of directors.

Wilson and Congress are doing just right.

And for our Country we are willing to fight.

Till the foes be vanquished and all is made right.

And every nation pays due honor to our Stars and Stripes.

But we hope Germany will get in the light.

And have a republic that is just and right.

And do away with their Kaiser as Russia has done.

Then they can have the same freedom the U. S. begun.

The red, white, and blue shall then wave o'er land and sea.

With everyone paying tribute and honor to thee.

Then we will need no war throughout the earth.

But every nation will be reigning in peace and in mirth.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

75 ATTEND MEETING

MRS. E. G. OREAR CHAIRMAN OF PREPAREDNESS DIVISION.

WILL ORGANIZE UNITS

Every Club in City Will Be Asked to Raise Division of 20 to Work Under Leader.

Maryville will soon be one of the leading cities in fostering the preparedness movement if the plans of the seventy-five women who met at the First Methodist church yesterday afternoon to form a division of the National Surgical Dressings committee are carried out.

The meeting was one of enthusiasm and accomplishment. The program was opened with the song, "America," which was sung by the women present, and this followed by an invocation given by Mrs. C. B. Roberts. After the flag salute, Mrs. M. G. Tate, president of the Twentieth Century Club, explained the purposes and work of the National Surgical Dressings committee and urged all of the women to join the organization as a means of offering the highest kind of service to our country. Her speech was followed by a solo, by Mrs. Fred Robinson. Mrs. Tate introduced a resolution to form the organization, and the women voted to adopt it.

Mrs. E. G. Orear was elected chairman of the new organization, Mrs. D. J. Thomas was elected secretary, and Mrs. Charles T. Bell was elected treasurer.

It was decided to ask each organization in Maryville to raise one unit consisting of twenty members, each of whom would pay fifty cents a month as a fee with which to purchase materials. Mrs. C. T. Bell in behalf of the D. A. R. announced that a unit of twenty-six members was now ready for service in that organization. Mrs. L. E. White, representing the Shakespeare department of the Twentieth Century Club, announced that a unit had been formed in that department. Mrs. Marv Curant pledged a unit from the Young Ladies Missionary Society of the First Methodist Church. Miss Ora Barman pledged a unit from St. Patrick's church. Mrs. Vilas Martin after reading a letter received by the sisters of St. Francis hospital from the National Council of Defense concerning its work in case of war, pledged a unit to be known as a hospital unit.

Mrs. Paul Ream of Kansas City gave an interesting discussion on the accomplishments of the National Surgical Dressings committee at Kansas City where the work has been particularly successful.

The work of the units will be carried on as follows: Eight women will be assembled at the State Normal school at 3:15 o'clock next Thursday afternoon and take their first lesson in the preparation of the bandages under the direction of Miss Hettie Anthony. These women are Miss Clara Sturm, Mrs. W. J. Montgomery, Mrs. D. J. Thomas, Mrs. Edward Wright Gray, Miss Ruth Montgomery, Miss Dorothy Pierce, Mrs. E. G. Orear and Miss Bettie Turner.

Each of the women will then take charge of a unit, which will hold its meetings in the basement of the Maryville public library on the day specified. The teachers will always be one lesson ahead of those whom they are to teach,

and in this way all waste which might occur through ignorance of the directions sent out by the head organization will be eliminated.

Mrs. Orear, chairman, will appoint the committees necessary for the proper handling of the work within the next few days. Her selections will include women to act on the executive committee in the custodian, shipping and inspection departments, on the finance committee, which will consist of a member from each unit, and on the publicity and purchasing committees.

Two-thirds of the women present agreed to sign the National League blanks which will keep the head organization fully informed regarding the qualifications of the women who have offered themselves for service.

MISS KOCH HEADS CLUB

Organization of "Knitters" Perfected at Meeting Last Night—Thirty Girls Sign Up.

Thirty girls announced their intention of knitting for the soldiers at the meeting held last night at the office of Dr. H. S. Rowlett, where the organization of the Knitting club was perfected. The following officers were elected: President, Miss Martha Koch; vice-president, Miss Olivette Godsey, and secretary-treasurer, Miss Louise Rowlett.

The girls will be organized in divisions of ten and one or two teachers will instruct each group as the case may require. An effort will be made to increase the membership by inviting every girl to assist in the work. The president will call a meeting for this purpose soon. The following women have volunteered their services to teach the girls to knit:

Miss Hettie Anthony, Mrs. W. C. Frank, Mrs. R. L. McDougal, Mrs. H. Torrance, Mrs. J. J. Helfner, Miss G. A. Nash.

Schools Dismissed and Whole Town Honors Boys Who Are to Join Navy.

Donald Tebow, Roy Bradley, Chester Peterson and Thad Danford, four Ravenwood young men, left this morning for St. Joseph and from there they will go to Chicago, where they will take training for the navy.

The Ravenwood schools were dismissed and the pupils marched in a body to the station, waving flags and cheering for the boys. Many others were at the station to bid the young men farewell.

Roy Hunterston, son of Dr. and Mrs. J. D. Hunterston, also of Ravenwood, will leave this afternoon for St. Joseph, where he will meet the other boys and go with them to Chicago for naval training.

PRICES GOING UP?

CONSERVATIVE BUYING HELPS SITUATION, SAYS GROCER.

DEMAND EXCEEDS SUPPLY

War Talk Causes People to Buy Up Available Goods, and Then the Prices Sail Up.

"Conservative buying will do more to lower prices than any other thing," said an experienced grocer this morning when asked about the great jump that had been taken by food stuffs this morning. "People are frightened by the war talk and by the present prices and are buying up all the available supply for fear of future prices. Hence, the prices rise, because the demand exceeds the supply. If all would buy just as usual the prices would decrease instead of increase."

Prices in nearly every commodity have taken a great leap within the last few days. Sugar is now \$9.50 a hundred weight, and will continue to rise. Some merchants even predict \$12 sugar before long.

The cause of the advance in flour which moved up to \$10 a barrel and to \$3 a hundred-pound sack this week is the prospect of a poor wheat crop.

Butter is now 45 cents a pound, and the dealers claim that they are selling that without a profit. Eggs in spite of their plentifulness have gone up with other commodities and are now quoted at 33 cents a dozen. They are being put in cold storage at twice the price paid by the cold storage men last year.

The supply of potatoes will be gone before the new crop comes in, according to the prediction of those who watch the markets closely. They are now selling at \$2 a bushel, with a prospect of advance as the weeks go on.

Fresh vegetables are scarce and expensive, — but good, adds the grocer, consoling. One reason for the scarcity of vegetables is the late season. If the weather would warm up green vegetables would immediately cheapen.

Strawberries from Louisiana are plentiful and cheap, and as soon as the weather warms up, they will be available for the menu of the poorest. The strawberry season may last for four months, according to the latest prediction.

Meats are the highest ever known in Maryville, and the advance on cured meats is by leaps and bounds. The reason for these prices may be traced to the war again. The packers are taking huge army contracts and are canning all the meats that they can lay their hands on. Cured meats went up from 3 to 5 cents in the last week. Compounds and lards went right along with them. Bacon is now 35 cents for the common kind and if you choose a choice cut — 50 cents a pound, if you please. Bacon's brother, Ham, is now 30 cents a pound.

Crackers and fancy cookies sold by Mr. Grocer have sailed into the class with the meats and the vegetables. A 25 per cent advance in the price of crackers is casually announced by the wholesale houses. And do you know why you are getting as many crackers for a nickel or a dime as you used to? Because the manufacturers bought up millions of cracker cartons that were made to hold ten or twelve as the case might be, and it is cheaper to give you the same number of crackers for the money than it is to discard the old cartons and buy cartons holding six crackers at the present price of paper.

One word of advice the grocer has for the buyer these days, "Buy conservatively and you will help lower the prices."

Mrs. Bryant Visits Here.

Mrs. J. H. Bryant of Moberly, arrived last night for a several days' visit with her sister, Mrs. J. T. Linville. Mrs. Bryant was formerly a resident of Burlington Junction, her husband at one time being editor of the Burlington Junction Post.

OIL NEAR HOPKINS

AN OKLAHOMA COMPANY LEASES LAND TO BORE FOR OIL.

GEOLOGISTS ARE COMING

Hopkins Journal Says Company Will Begin Drilling If Experts' Report Is Found Favorable.

Hopkins will be the scene of great activity within the next few months if oil which is believed to be hidden in the ground in Hopkins township is discovered. The Hopkins Journal has the following article about an Oklahoma company which has secured leases on the land south of Hopkins for the purpose of boring for oil.

J. J. Abbot, of New Market, Iowa, and his brother, C. F. Abbot, of St. Joseph, were here the first of the week getting oil leases on land south of Hopkins. These men represent a company of Tulsa, Okla., and this company will send geologists here not later than the first of June to look the ground over and if a favorable report is given, the company will then begin drilling and will not stop under 2,000 feet. This will be 2,000 feet deeper than any other company has ever gone in the county, the prospectors here a few years ago stopping at a one thousand feet and the ones at Burlington Junction, some 18 years ago, getting no deeper.

The Tulsa company asks no bonus of any kind; if they come, it will be on their own hook and they will pay all expenses. The company thinks the oil is here and is already spending some of its own good money, the Abbots paying each man from whom they took leases one dollar in real money instead of an "imaginary dollar," as is usually the case, and land owners will be paid 50c an acre on leases if they become effective instead of 25c as was promised by the last company taking leases here. There are marked indications of oil on different farms south of town and this company, it seems, only wants leases on land in that locality, calling the land owners of that vicinity together at the home of O Mosby last Monday afternoon when they secured leases as follows: C. A. Northover, 120; John Komer, 165; W. W. Alexander, 306; M. M. McCleave, 567; Ed Northover, 180; Robert Coleman estate, 160; Clyde Olmstead, 94; W. L. Moorehead, 283; David Russell, 120; Mrs. Margaret Tocher, 80; F. L. Olmstead, 200; O. Mosby, 204; Joe Andrews, 77; George Ulmer, 219; J. C. Pistole, 414.

WABASH BRAKEMAN KILLED

Charles Hardin of Stanberry Found at Bingham, Ia., Where It Is Thought He Fell From Train.

Charles Hardin, a brakeman on an extra freight train on the Wabash, was killed last evening near Bingham, Ia. No one saw the accident but it is thought that he was either knocked off a freight car or that he fell off accidentally.

The train on which Hardin was riding passed through Maryville about 6 o'clock last evening. When it arrived at Shenandoah at 8:30 o'clock, the train crew missed Hardin, who was last seen near Coin, Ia., as he was walking on top of a box car toward the front of the train. The train returned and Hardin was found at a bridge near Bingham. The body was brought back to Shenandoah and a coroner's inquest held.

Hardin was known in Maryville as he had worked on the construction gang that dug the cut on the Wabash west of the city. His sister, Miss Emma Hardin, attended the State Normal school here for several terms. He was 30 years old and married. The remains will be taken to Stanberry today.

At 3 o'clock in the afternoon a meeting of the rural members will be held at the church for the purpose of perfecting plans for summer church work in the country. A short talk by Mr. Cox will be followed by a round table discussion of country church problems in which every one will be invited to take part.

NEW MORGAN SCHOOL CLUB

William B. Gex Chosen President of New Organization Which Starts With 14 Members.

Assisted by the members of the Sunnybrook Farm club, an organization to be known as the Morgan School Farm club was started last night by fourteen farmers living in the vicinity of the Morgan school, eleven miles southwest of Maryville. The following officers were elected: President, William B. Gex; vice-president, O. K. Smith; and secretary-treasurer, John Neal.

The purpose of the organization, which will meet on the first and third Wednesdays of the month, is to discuss subjects relating to farm life and to form a clearing house for ideas that will result in the betterment of rural conditions.

J. P. McNeal, president of the Sunnybrook club, was chairman of the meeting and conducted the business session. He was introduced by O. K. Smith, who acted as temporary chairman.

E. C. Curfman, J. F. Hull, W. O. Garrett and E. M. Claypool were visitors from Maryville and gave short talks on various phases of club work. Mr. Curfman invited both clubs to send delegations to the Good Roads meeting at St. Joseph next Monday, and at his suggestion committees from both clubs were chosen to make the trip.

The Sunnybrook club was organized about three weeks ago and meets on the second and fourth Wednesdays of the month. T. P. McNeill is president of the club and Robert Medsker is secretary-treasurer. Its purpose is similar to that of the Morgan School club, and it has so far been successful in its movements, especially in carrying out the plan of co-operative buying.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Maryville.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Maryville proof: Mrs. B. M. Skinner, 1103 North Mulberry street, Maryville, says: "My back was so weak and lame that I could hardly work. My kidneys were very troublesome owing to their too frequent action and I had continual headaches and dizziness. Doan's Kidney Pills corrected the trouble and my health greatly improved."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Skinner had. Foster-Milburn Co., props., Buffalo, N. Y.

BASEBALL SEASON OPENS

Normal Begins Schedule With Clash With Christian Brothers College Tomorrow Afternoon.

The Normal baseball team will open its schedule tomorrow afternoon when it meets the team from Christian Brothers' College of St. Joseph. The game will be staged on the Normal diamond, beginning at 2 o'clock.

The Normal team is in fairly good shape and it expects a victory though not over confident. Despite the loss of "Chido" Scott, who has left school the team has looked good in practice. Joe Ferguson has been moved from second to short, and Wagers has taken the place left vacant by Ferguson. "Josiah" Bird is taking care of the hot corner with all his old time pep and ginger, and "Dad" Scarlett will be put at the receiving station. Corum will fill the role of general utility man. Todd, Garard, and Hise have the call for outfield positions, with Brown, Wilson, Staples and DeMoss in reserve. Clem Hahn who has been showing up in good form is ineligible at this time.

The battery trouble is still giving trouble to Coach Palfreyman. "Torchy" Sawyers will do most of the receiving, assisted by Paul Andrews. Neither Van Cleve nor Strader is in mid-season form but they are expected to give satisfactory service in the box.

The whole team has been showing up strong in batting practice, and the game may develop into a regular swat-fest. A large crowd is expected to attend the game, the first of the season.

To Attend Stults Funeral.

Mr. and Mrs. Claude Stults and Mrs. Elwood Barrett drove to Skidmore today to attend the funeral services of R. F. Stults.

SHE'S A LITTLE PATRIOT

Eva M. Powell, 11, of Ravenwood, Writes Letter and Poem Showing Devotion to Country.

Since the nation has been so near to hostilities with Germany the teachers throughout the county have not lost a moment in teaching the children patriotism, which has been one of the daily lessons in every school house. The following letter from Eva M. Powell, 11 years old, in the sixth grade at the Munkres school near Ravenwood shows that the lessons of the school room are bearing good fruit:

Ravenwood, Mo., April 10, 1917.

Dear Editor Democrat-Forum:—

I am a little girl, 11 years old. I am in the sixth grade at school. I like to go to school fine. Our teacher, Miss Myriel Gates, has taught us many beautiful patriotic songs. We all love to sing our nation's song, "The Star Spangled Banner." We have also learned to salute our flag, and we are all true little patriots.

Our teacher asked us to compose some patriotic verses for our language lesson, so I thought I would send you mine, as my teacher thought them quite good. If you think them good enough, I would like to see them in print. A true little patriot.

Eva M. Powell,
(Munkres School)

OUR FLAG.

While we proudly look at our beloved flag,

It brings back memories of long ago; When Washington and his patriot bold strove bravely to conquer their foe.

They made a union of one heart and mind, And a flag proudly floating for all mankind.

With no Kings on the throne as in other lands, To rob people of their lives and lands.

But the union Washington started and Lincoln preserved.

Has now declared war to bother our nerves; For to sacrifice our brothers is a very great trial.

But we know they will win tho they go many miles.

There Is No "Just As Good" As G. & B. PEARL Wire Cloth—

The wonderful durability of G. & B. PEARL Wire Cloth as well as its beauty is due to its metallic coating. The composition of and method of applying this coating is exclusive with us and used only on genuine PEARL. So—when a dealer offers you something 'just as good as PEARL'—he is mistaken. It isn't so. There can be no 'just as good.'

Extra Heavy.

The day you screen with G. & B. PEARL you end trouble and expense. No painting—no repairing—PEARL lasts and satisfies. It is the hand-somest screen and the cleanest as well as offering least obstruction to the vision.

Look for two copper wires in the selvage and the Round Tag bearing the Gilbert & Bennett name on each roll. They identify the genuine article, and for the sake of screen satisfaction they are worth looking for and insisting on.

Wilson and Congress are doing just right.

And for our Country we are willing to fight.

Till the foes be vanquished and all is made right.

And every nation pays due honor to our Stars and Stripes.

But we hope Germany will get in the light.

And have a republic that is just and right.

And do away with their Kaiser as Russia has done.

Then they can have the same freedom the U. S. begun.

The red, white, and blue shall then wave o'er land and sea.

With everyone paying tribute and honor to thee.

Then we will need no war throughout the earth.

But every nation will be reigning in peace and in mirth.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

Enlist in the Army.

Fred G. Rusk, son of Mr. and Mrs. J. G. Rusk, of Hopkins and Raymond R. Cox, son of Mrs. Susie Cox of Stanberry, have both enlisted with the army and will probably leave tonight for Jefferson Barracks.
